— All this time, I've waited for the right opportunity to finally escape this village.

In some cave at the top of a mountain, rests a village which was built by the Infernos

The name of the clan, like their name "Kokuryou", is a group of black haired Infernos

We too... I was also born under the clan, "Kokuryou"

My hair though, is not black black, but a rare and an alienated... white.

"The World of
Humans" can be
reached after
racing out of
the cave.

But the barrier
which is set by
the "Kolony"
must first be
skattered.

DO HANGRY~

from the transcendent,
separated world
that is charmed by the
laws of nature

Some things will last
after the escape—
